March 24, 2020

Dear Chairman Chiang,

Congratulations on your election as Chairman of the Kuomintang (KMT). The Project 2049 Institute was delighted to hear of your success in the recent election and is encouraged by your vision for the future of the party.

The Project 2049 Institute has a long history of nonpartisanship in the Republic of China (Taiwan). We look forward to working with all parties to move toward a more normal, stable, and constructive relationship between the Republic of China and the United States. As you begin your tenure as Chairman, our aim is to continue in that tradition and find ways to work with you to promote shared objectives. Should you or any member of the KMT visit Washington, the Project 2049 Institute warmly welcomes a visit to our office.

We at Project 2049 look forward to your work ahead and we wish you the best in your new capacity as Chairman of the Kuomintang.

Sincerely,

Randall G. Schriver
Chairman
The Project 2049 Institute
